

Amendments to the Claims:

The listing of claims will replace all prior versions and listings of claims in the application:

Listing of Claims:

Claim 1 (Original) A method for producing a frozen confection having an overrun of at least 15%, which method comprises quiescently freezing a mix containing a carbon dioxide generating composition, characterised in that the mix does not comprise a gel

Claim 2 (Original) A method according to claim 1 wherein the frozen confection has an overrun of at least 25%, preferably 40%.

Claim 3 (Currently Amended) A method according to claim 1 ~~or claim 2~~ wherein the mix contains less than 1% stabiliser, preferably less than 0.3%.

Claim 4 (Currently Amended) A method according to ~~any preceding claim~~claim 1 wherein the frozen confection is a water ice.

Claim 5 (Currently Amended) A method according to ~~any preceding claim~~claim 1 wherein the carbon dioxide generating composition comprises an acid and a carbonate.

Claim 6 (Original) A method according to claim 5 wherein the acid is a food grade organic acid such as citric acid, malic acid, ascorbic acid, lactic acid, succinic acid or tartaric acid.

Claim 7 (Currently Amended) A method according to claim 5 ~~or claim 6~~ wherein the carbonate is a food grade material that is insoluble in water.

Claim 8 (Original) A method according to claim 7 wherein the carbonate is calcium carbonate.

Claim 9 (Currently Amended) A method according to ~~any preceding claim~~claim 1 wherein the mix is quiescently frozen in a mould.

Claim 10 (Currently Amended) A method according to ~~any preceding claim~~claim 1 wherein the mix is partially slush frozen before it is quiescently frozen.

Claim 11 (Original) A method according to claim 10 wherein carbon dioxide generation is caused to occur before the mix is partially slush frozen.

Claim 12 (Original) A method according to claim 10 wherein carbon dioxide generation is caused to occur after the mix is partially slush frozen and before it is quiescently frozen.

Claim 13 (Currently Amended) A method according to ~~any of claims 1 to 9~~claim 1 wherein the mix is not partially slush frozen.

Claim 14 (Currently Amended) A method according to ~~any preceding claim~~claim 1 wherein the mix is quiescently frozen.

Claim 15 (Cancelled)

Claim 16 (Cancelled)

Claim 17 (Cancelled)
